Therefore, the Commissioner of Tribal Welfare / Ex - Officio Managing Director, Telangana Scheduled Tribes Co-operative Finance Corporation Limited (TRICOR), Telangana State, Hyderabad has requested the Government to issue necessary orders for implementation the Yerukula Empowerment Scheme (YES) with a subsidy outlay of Rs.60.00 Crores under Economic Support Schemes of TRICOR Head of Account “2225-02-102-25-04-310/312-OGIA” for the financial year 2023-24.

4. The Government, after careful examination the matter hereby accord permission to the Commissioner of Tribal Welfare / Ex-Officio Managing Director, Telangana Scheduled Tribes Co-operative Finance Corporation Limited (TRICOR), Telangana State, Hyderabad to implement the Yerukula Empowerment Scheme (YES) with a subsidy outlay of Rs.60.00 Crores under Economic Support Schemes of TRICOR Head of Account “2225-02-102-25-04-310/312-OGIA” for the financial year 2023-24. The guidelines of the scheme as detailed hereunder:

**1. Background**

The Tribal Welfare Department implements various schemes for STs in the State by providing subsidy as financial assistance through Economic Support Schemes of ST TRICOR, to enable various livelihood activities for their upliftment and socio-economic development.

(P.T.O.)

The Yerukula community is a dispersed Tribal group, comprising 1.44 Lakh (4.54%) of the tribal population. Their traditional livelihood is piggery, which is taken up as an individual household-level livelihood activity. However, traditional pig rearing is faced with several emerging challenges due to space constraints in rearing, poor use of scientific methods, legal compliance with local regulations especially in Municipalities, and need for better market access with remunerative pricing through use of value-addition technologies including cold storage.

The Government of Telangana has issued orders vide G.O.Ms.No.03, Animal Husbandry, Dairy Development & Fisheries (AH-II) Department, dated: 21.05.2022 for implementation of New Pig Breeding Policy in the State for comprehensive development of Pig farming, Processing, Value addition and marketing in the State.

According to the Pig breeding policy of Telangana State, more emphasis on creating infrastructure for scientific rearing, slaughter, meat processing and marketing value chain is required to give a boost for the development of this sector in the State.

## **2. Rationale**

Telangana State has about 2.52 lakh pig population (**Source:** Quinquennial census 2012). About 50,000 families are getting livelihood through pig rearing as traditional livelihood. After broilers, the pigs are fast growing animal which converts low quality food in to high quality animal protein. The establishment of scientific pig rearing units can generate substantial employment and also increase in production of livestock and its value added products.

Keeping in view of the above, there is a dire need to support and promote these traditional Tribal livelihoods, while equipping them with the additional requirements to make traditional occupations viable. Hence, a pilot scheme for Primary Pig Rearing Societies of Yerukula community is proposed.

## **3. Objectives:**

The main objective of the scheme is to create community-level infrastructure for Pig breeding / rearing, slaughter house with cold storage facility, Feed mixing plant and machinery for value addition of pork & pork products for the Primary Pig rearing Societies in the State.

Development of commercial piggery sector and integration of traditional pig farmers into scientific pig rearing, slaughter, pork processing and marketing value chain through societies.

## **4. Salient features of the scheme:**

1. Community-level infrastructure for Primary Pig-rearing Societies.
2. Subsidy linked financial lending to Societies.
3. Mentoring support through knowledge partners (PVNR Veterinary University & NMRC).
4. Capacity building & exposure visits through TRICOR.

## **5. Activities supported under Scheme:**

Three (3) broad categories under which piggery can be supported for creating community –level infrastructure under the scheme:

<b>Sl. No.</b>	<b>Category</b>	<b>Activities</b>
1	Primary	1.Climate resistant Pig rearing Unit.
2	Secondary	2.Slaughter house, Cold storage & packaging unit. 3.Transportation vehicle with Freezers
3	Tertiary	4.Value addition unit for Pork & Pork products 5. Retail marketing outlets.

(Contd....P.3)

The SHGs /FPOs /PPS /JLGs shall be facilitated to avail financial assistance for the activities mentioned under primary category from National Livestock Mission (NLM), Gol, whereas the activities under secondary & tertiary categories shall be provided financial assistance from State Government funds.
